The most
worth-while thing
is to try to put happiness
into the lives of others.
In Scouting you are combating
the brooding of selfishness.

Profile

Apollo had the gift of prophecy and was strongly associated with healing. He was a patron of the arts and his lyre symbolized music, poetry and dance. He was identified with Helios, the sun god, the bringer of light and often depicted in his golden chariot. He was revered for bringing the sun to bring crops, health and prosperity to mortals. Apollo is often referred to as the "god of the silver bow" in reference to the myths and legends about the god killing Python, a monstrous serpent, with his bow and arrows. In the sculptures, vases, mosaics and paintings of Greek Art the Olympian god Apollo was often illustrated with images representing his symbols. The symbols of Apollo were bows and arrows, the golden chariot, the lyre, crops and shepherds, the raven, various animals and birds and the laurel tree.

Aim

Community development seeks to empower individuals and groups of people by providing them with the skills they need to effect change in their own communities. These skills are often created through the formation of large social groups working for a common agenda.
