Be Prepared...
the meaning of the motto
is that a scout must prepare
himself by previous thinking out
and practicing how to act
on any accident or emergency
so that he is never taken
by surprise.

Robert Baden Powell

Profile

Poseidon was a very important deity in many Greek cities, including but not limited to Athens. He was honoured on a regular basis with offerings and sacrifices, particularly by sailors and others who made their livings from the sea fishermen, and those who lived along the coastlines wanted to keep Poseidon appeased so he wouldn't cause a devastating earthquake or flood.

Aim

An expedition is an ideal opportunity to learn life skills abroad. Through an expedition you will gain confidence, learn to take responsibility and become assertive decision makers. You will develop independence by being away from home, whilst leaning to function as an important team member by accepting responsibility of different job roles during the trip.

The experiences gained through educational travel are immense. The amazing memories last a lifetime and the skills and personal development journey that take place during a trip can be life altering. It can provide new perspectives and demonstrate what your strengths and weaknesses are.
